You are one  away
from being an EGI Master

Clicks Prospec are Japan's leading squid jig manufacturer, Made from high quality materials these premium performing lures are available in a wide range of colours and sizes.

Clicks Prospec Egi's are made from an ABS resin body and are super tough as well as providing excellent stability and buoyancy in the water.

They are then perfectly finished with a beautifully coloured cloth body and unique eye to grab the attention of the passing squid. Masters of deception!

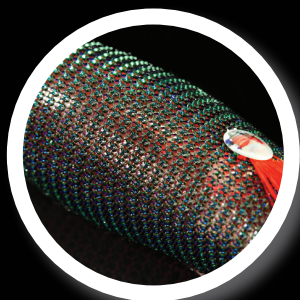

Specially designed to imitate natural movement, dive rate and appearance in it's natural habitat. Fitted with super sharp hardened needles in a dual crown array. Designed for all types of Eging (squid fishing).

High tensile stainless steel attachment ring is designed to withstand extreme loads

It's unique weighted keel allows for the perfect drop and fall angle

High tech woven textured finish and foil wraps attracts squid like no other jig

Razor sharp multiple pin hooks for positive hook up penetration

Specially designed to imitate natural movement, dive rate and appearance in it's natural habitat. Fitted with super sharp hardened needles in a dual crown array. Designed for all types of Eging (squid fishing).
